### School Expectations & Reminders Below:

#### Academic Integrity:

#### ACADEMIC INTEGRITY

In an effort to encourage students to establish lifelong skills of honesty and integrity, it is the policy at NMSS to promote academic integrity. Any kind of work submitted as your own that you did not produce in its entirety is academic dishonesty. Assisting others in academic dishonesty makes a student equally responsible.

Examples of Academic Dishonesty include:

- Homework (copying from another student)
- Getting/Giving answers to test taken earlier
- Copying or sharing answers between students on homework, quiz, or test
- Crediting source material that was not used for research
- Allowing another student

to copy from you

- Plagiarizing from the Internet, a written text, or any other source without quoting proper citation
- Text messaging answers from any quiz or test to another student

Using A.I. to write ANY document, homework, essay, free write, ANYTHING ...it will result in

**a Zero, Call home, and inability to reassess the assignment or assessment.**

Any students caught cheating will not be allowed to take NMSS facilitated College courses, however, are still required to fulfill the college class requirement to graduate.
